Compassionate Support Programme for Bereaved Families NAVIGATING TRAUMATIC LOSS & COMPLEX GRIEF: CORE PRINCIPLES FOR CLINICAL PRACTICE

Traumatic loss and complex grief present unique challenges that often fall outside the scope of traditional bereavement models. This webinar provides a principle-driven framework for navigating the intricate intersection of trauma and complicated mourning.

Dr Therese Rando

Dr Rando is an award-winning clinical psychologist in Rhode Island and the clinical director of The Institute for the Study and Treatment of Loss, which provides psychotherapy, supervision, consultation and training, specialising in loss and grief. She is also the Clinical Director of Therese A. Rando Associates, a multi-disciplinary team of experienced professionals that offers outpatient mental health services to adults, adolescents, and children, addressing a broad range of behavioral, psychological and social issues.
