Online Questionnaire on the Evaluation of the JCBcCare 2.0 - Compassionate Support Programme for Bereaved Families Education Programme – HKU ABC-RS Risk Assessment Training

Thank you for joining the specific topics training programme organised by the JCBcCare 2.0 -- Compassionate Support Programme for Bereaved Families. You are invited to participate in the evaluative study by Professor Amy CHOW of the Department of Social Work and Social Administration, the University of Hong Kong. If you agree to join the study, you will need to complete this online questionnaire 2 times (before and after training) on your competency in bereavement care and satisfaction with the programme. It would take around 5 minutes to complete the questionnaire. Your decision to participate in the study will have no impact on your eligibility for, or the quality of, the training provided. Additionally, no identifying information will be collected. You can withdraw from the study at any time without negative consequences.

Please note that all information collected will remain strictly confidential. All the data files will be “password-protected” and will be destroyed five years after the final report of the project, or the first paper is published.

If you have any questions about the research, please feel free to contact 3917 5023 or at katiel01@hku.hk, or Professor Amy CHOW at Room 544, Jockey Club Tower, The University of Hong Kong or at chowamy@hku.hk. If you have questions about your rights as a research participant, please contact the Human Research Ethics Committee, HKU (3917 5267).

I understand the procedures described above and agree to participate in this study.
